OUR SERVICES

INCO DIGITAL put at your disposal a huge park of equipment with cooling capacity from 5 to 1200 kW

It includes standard cooling units, but also water recirculating platforms set in our workshop to match your application

INCO DIGITAL analyses your specific need at no cost and proposes the best technical solution

Speed delivery is insured within 48 hours after clarification of your technical needs

Our service is a turn-key service, installation and start-up are assumed by our specialists on site

As one of our valuable customer, you will benefit of our free telephone assistance, 24 hours a day and 7 days a week, as well as a tele-service (as option)

In case your installed electrical power is not sufficient, INCO DIGITAL can put at your disposal power generators in order to match your new electrical consumption
